

DWA_03.5 Knowledge Check_DWA3.2

1. User story(ies) in Gherkin syntax for the "+" button.

Incrementing the count with the "+" button

Given the user has opened the Tally Count app

And the count is currently set to "0"

When the user presses the "+" button

Then the count is incremented by "1"

And the updated count is displayed on the app screen as "1"

2. User story(ies) in Gherkin syntax for the "-" button.

Decrementing the count with the "-" button

Given the user has opened the Tally Count app

And the count is currently set to "0"

When the user presses the "-" button

Then the count is decremented by "1"

And the updated count is displayed on the app screen as "-1"
